Possibly the world's most skilled mercenary, definitely the world's most annoying, Wade Wilson was chosen for a top-secret government program that gave him a healing factor allowing him to heal from any wound. Now, Wade makes his way as a gun for hire, shooting his prey's faces off while talking his friends' ears off. Call him the Merc with the Mouth...call him the Regeneratin' Degenerate...call him...

DEADPOOL

Cletus Kasady was a serial killer locked up in Rykers Island and sharing a cell with a man named Eddie Brock. Brock had bonded with an alien symbiote that granted him incredible super-powers, allowing him to become the super villain Venom. Venom's alien symbiote spawned an offspring that bonded with Kasady, turning him into the murderous madman...

SPECIAL AGENT FRIEDRICH HAD THE FOLLOWING TO SAY:
ESLO
KASADY'S CURRENT M.O. IS BOTH RANDOM AND MOBILE.
THIS MAKES IT VERY DIFFICULT TO TRACK HIM.
